

This Campaign Plan is developed in order to communicate a clear command vision that will guide the NCNG's future operations. By doing so, we will achieve a key fundamental essential to leading and guiding our Organization through the dynamic times we will surely experience in the future—*Unity of Effort*.

This plan will establish the guidance by which the NCNG will provide **Ready Forces** through organizing, manning, equipping, training, and deploying capabilities in support of Civil Authorities and our National Security Strategy. The understanding and permeating of this vision throughout our Force, as well as, to all of our supporters will allow all of us to shape an environment and enable our successful accomplishment in any and all assigned missions to any part of the world—*we are an Expeditionary Force*.

This plan focuses our unified efforts on a six year period (*October 2011 through September 2017*) and will be routinely refined due to the ever changing environment. It is applicable to all service members, employees and units assigned to, funded by, or controlled through the NCNG. It is designed as a vehicle to ensure Unity of Effort across our Force.

The Campaign Plan framework comprises four Lines of Operation (LOOs):

- ⇒ *Ready the Force*
- ⇒ *Support the Force*
- ⇒ *Enable the Force*
- ⇒ *Employ the Force*
